Thanks to my college for infusing confidence in me by providing Communication and PDP classes. My personality and communication skills improved a lot and helped me to get a good job. Thanks to the Job Fair organised by our college, we get plenty of opportunities in a single day that too in our campus. I too had options from Convergys, HDFC and Velocity before finally moving to Convergys. All this made SGI a very worthwhile investment in terms of both personal & professional development.

Being a girl I feel proud when I was part of "Gender Sensitisation Committee" of SGI. I believe it's a very safe and protective environment for girls at Satya. I felt proud when our college launched "Hamari Beti Hamari Shaan" special scholarship schemes to promote female education in Technical courses. Thanks to the scheme, today I see hundreds of female students taking advantage of this scheme every year.

Thank you!
